CIS 302 Project 2  
Fall 2006  
11 September 2006  

Creating a VB .NET Solution with Numerical Calculations

ASSIGNED: 11 September 2006  
DUE: 20 September 2006 (by the end of class - 14:25.)  
VALUE: 20 points

Overview: In this project you will complete two Hand-on Projects from Chapter 3 of the textbook.

Tasks:

1. (10 points) Complete Hands-on project 3 pp.122-123. Also,
   - include your initials in the Text of the Exit button (e.g., Exit - JFN) and your name at the end of the Tooltip for the Exit button.
   - Name the form C3P3 - Your Name.

2. (10 points) Complete Hands-on project 5 on p.124. Also,
   - include your initials in the Text of the Exit button (e.g., Exit - JFN) and your name at the end of the Tooltip for the Exit button.
   - Name the form C3P5 - Your Name.

Submit the following:

1. Email your executable files: Ch03Ex3.exe and Ch03Ex5.exe, to jnystrom@shepherd.edu with the Subject: Chap3 P2.
